

20th Anniversary!

Community Rail Awards 2025

[Sponsorship opportunities](#)

About community rail:

Community rail is all about ensuring communities get the most from their railways. Working alongside local, regional and national partners, community rail partnerships and groups around the country aim to play an important role in social inclusion, community wellbeing and economic development, and promote rail as a key part of sustainable, healthy travel.

[Community Rail Network](#) supports 75 [community rail partnerships](#) and over 320 smaller community groups, such as [station friends or adoption groups](#), around Britain. These groups work along railway routes to connect communities with the railway, train operator and other partners. They deliver a range of activities locally, often involving volunteers, which contribute significantly to the needs of their communities and the railways.

About the Community Rail Awards:

The Community Rail Awards are all about celebrating the passion, commitment, innovation, and best practice in community rail, recognising the volunteers, groups and partnerships doing wonderful work on behalf of their communities and railways. They give community rail the chance to shine, showcasing the array of work happening across Britain, and showing influencers and decision makers what community rail achieves. See our [Award Winners Hall of Fame 2024](#) (and previous [winner booklets](#)).

Hosted in March, our awards event, is a highlight of the railway calendar. The evening is attended by a wide range of guests including senior train operator executives, senior civil servants, government ministers, and third and public-sector partners, alongside community rail officers, chairs and volunteers. We regularly receive up to 200 entries, which feed into our year-round work supporting and championing community rail.

Our exclusive sponsorship opportunities give funders the chance to show their support for community rail and commitment to working with and serving communities as part of an inclusive, sustainable, community-minded industry.

Venue: The Awards have taken place in many UK locations, so we know selecting the right venue for the event is crucial, with capacity of up to 500 and appropriate facilities. The venue for 2025 is yet to be decided, but following confirmation of our headline partner **Lumo and Hull Trains** we will be delivering the Awards in North-East England.

Partnership working:

Community Rail Network's events team, led by Hazel Lavery (Events & fundraising manager), with Hannah Cottrill (Events and partnerships officer), bring decades of experience in delivering a range of high-profile events. Their commitment to delivering the Awards, especially over recent years despite serious impact from global and national events, has showcased not only their expertise and organisational skills, but also their ability to adapt and rise to new challenges. The team prides itself on working in partnership with sponsors to keep them regularly informed and engaged throughout the process and help them to make the most of the associated benefits.
