Heart of England Community Rail Partnership

2024/25 - WMT

Art work now at Tile Hill, Adderley Park, Hampton-in-Arden, Marston Green and Stechford

The five stations have a combined passenger footfall of more than 1.8 million per year.

The installation comes as part of the WMTs "Your Community, Your Fund" scheme.

REJECT MALE VIOLENCE TOWARD WOMEN & GIRLS.

RECOGNISE THOSE WHO ARE PUSHING AN AGENDA OF MALE VIOLENCE TOWARDS WOMEN.

ARTWORK 3

A friend sent me a video called 'the alt-right playbook' which talks about how alt-right groups infiltrate online chats /gaming groups etc. The group might not start as misogynist and the members most likely join for the sense of community, but key members will purposefully taint the chat and influence group members. This one tries not to accuse people but to ask them to reflect on how their behaviour is changing. Two possible taglines are shown but up for editing to get the messaging right.

WHICH MAN ARE YOU?

* WHEN WON'T YOU BE ABLE TO LAUGH IT OFF?
WHAT ARE YOU DOING TO COMBAT MALE VIOLENCE AGAINST WOMEN & GIRLS?

ARTWORK 5

A line up with descriptions of how men have contributed to the culture of violence. All these things are small acts which allow the culture to exist. There's only one person in the line who has done something to stand against violence to women and girls so I'm hoping people will aspire to be this character. Police style lineup reflects the gravity of small inactions.
